

Shapes card 1: Open field

Print at actual size (100%, not 'fit to page'). The black square should measure 15 cm. Matte paper or card, flat on the table, with the white border showing all round. Cut along the grey line if you like. The arena appears around the card, its far side toward the card's top.

Shapes card 2: Pillars

Print at actual size (100%, not 'fit to page'). The black square should measure 15 cm. Matte paper or card, flat on the table, with the white border showing all round. Cut along the grey line if you like. The arena appears around the card, its far side toward the card's top.

Shapes card 3: Zigzag

Print at actual size (100%, not 'fit to page'). The black square should measure 15 cm. Matte paper or card, flat on the table, with the white border showing all round. Cut along the grey line if you like. The arena appears around the card, its far side toward the card's top.
